

Rediscover the pure pleasure of leisure yachting in the newly designed Lazzara Motor Cruiser 76.

The new 76 is a fusion of traditional and contemporary yacht styling. She boasts a spacious fly bridge, complete with a shaded lounging area, aft sun deck, helm station and even a forward seating section. The 76 has a stunning solarium main salon with windows that run nearly from the floor to the ceiling and offer expansive views of paradise. There is a formal dining area and Lazzara's signature country kitchen, with additional entertaining on both the aft and fore decks. Below deck are 4 generous staterooms. The master suite offers large panoramic windows, reminiscent of Lazzara's LSX line. Prepare to be immersed in luxury.

The LMC 76 is powered by three Cummins 600 hp Zeus Systems. This is the world's first triple Zeus platform. They provide ease of use, reliability and efficiencies not available on traditional shaft driven yachts.

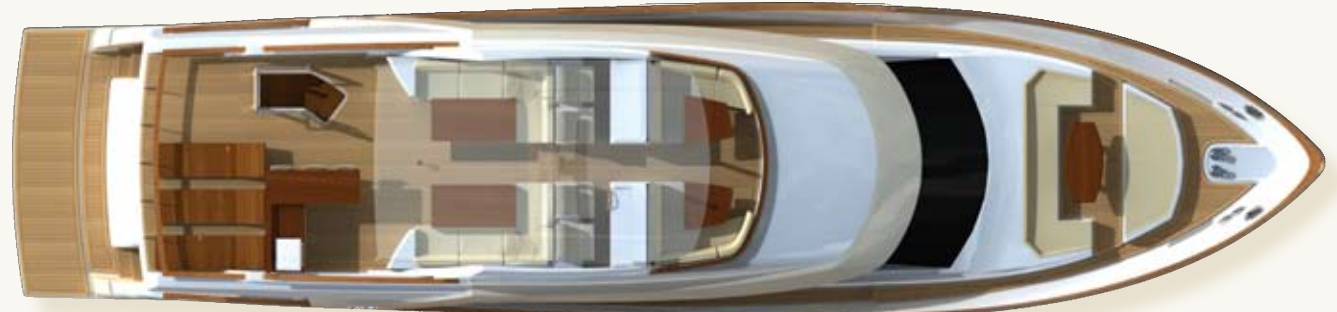

The new 76 from Lazzara. Change your expectations of what a cruising yacht can and *should* be!
